

TOOGOLAWAH 150

SEQORRA is pleased to invite all off roaders, their families and friends to Toogoolawah on the 7th and 8th August for a short course event.

We have run several races at this venue and they have proven very popular with competitors and spectators alike.

In responding to feedback from competitors, we have shortened the heats and plan on starting cars at 1 minute intervals. This will provide a better spectacle for all and reduce the problem of catching other competitors in the dust.

You will also notice that the entry fee has been reduced from last year.

Please notice the closing dates for entries. There is a lot of work to be done prior to the event so entries must close prior to the event, however if you are intending to enter but for any reason you think you may not be able to make it please send in the entry prior to the closing dates. It is much easier to remove an entrant then to add another.

See you all there

Andy Hickson

President
SEQORRA
